Dear Vanessa,

I was glad to receive your letter and I have decided to reply. My name is Evelyn Macha. We are four children in our family. The first born is Adelyn my twin sister (she's 14). The second born is myself I'm 14 too. The third born is my young sister Jacquelyn (she's 10). And the last born is my young brother Innocent (he's 4). We all live in Dar-es-salaam city in our country. My complexion is brown.

My school is in Kivungo - Arusha. In our school we are 125 students. Our school is a very good. And it is a new school as yours. I enjoy going for picnic, reading storybook, listening to gospel songs and watching television. I also like chatting with friends. I am in 8<sup>th</sup> grade (Form 1). Our school is a very nice school.

I really like Tanzania because it is a peaceful country. No wars like in some other countries in Africa. I wish to come to America to meet you. And if you don't mind you can send to me your phone numbers, your Email and your photographs.

As you asked me, my schedule is, we always go to class from 8:30 to 11:20. From 11:20 to 12:00 we always go for breakfast. And from 12:00 to 2:00 it's when we finish our studies. I really wish that we become very good friends. Please tell me more about yourself. About your friends, your school and your hobbies. Here is my home address:
