Dear Sandor

My name is Theresa Layda and I live in Arusha in Tanzania. I'm a medium height. I have curly hair and black eyes. I have brown complexion. I'm 15 years old and have a family of four people. There two boys and two girls. I like listening to music, watching movies, reading novels and hanging out with my friends. My ambition is to be a doctor.

I'm at St. Theresa of the Child Jesus Secondary School. I'm in form 8 (probably equivalent to 8th grade). Our school is boarding one. We live away from our parents. I'm new in this school. I really love students. They are friendly. So it's great.

About my country your welcome to come here. It's beautiful and with a lot of interesting things. I know when you come you will love it. Yes I would like to visit America. It's one of my dreams. Otherwise I'm happy being your penpal, hope we keep in touch; we can know each other better.

- How old are you?
- How do you spend your weekend?
- Tell me more about your country?
- What is your Ambition

Loving Friend
Theresa Layda.
