

Vistamar School
El Segundo, C.A.
California

13th January 2009

Dear Louisa,

I am very happy that you replied. I am 15 years old, I'm going to turn 16 in February 22. I am a sophomore at Vistamar School. I am tall with brown curly hair, which gets puffy every once in a while. I have a lot of good friends at my school and outside of school.

I was born in Witter, California but raised in Mexico. We go to Mexico every year. I love Mexico, it's so much fun and I enjoy it a lot. Most of my family lives in Mexico, I miss all them. What do you do in your tribe?

I do know Chris Brown and Ne-yo. I like them too! What other type of music do you like? I like listening to Spanish music and rock. I really enjoy reading and painting (but I am not too good at it).

During winter I got a puppy. He's a Yorkie terrier, his name is Estefano. I also moved to a different house. It's small but I am happy there. I have a big backyard and many trees (there small, and still growing), many rose bushes and other plants.

I don't go out a lot either, my parents are really protective. But I have fun at home. Tanzania sounds like a wonderful, it must be fun to live there. What type of

movies! do you like to watch? I love to watch movies, action, drama and romance are my favorite.

I live in Los Angeles, California, I really like to live here. There are a lot of places close to where I live. The beach and the movies and many amusement parks. It's sunny most of the time and cool during the evenings. It rains only around winter, and that's my favorite time of the year.

My email is : mcvanie@yahoo.com, you can email me whenever you want. I hope our friendship will last a long time. I hope you and your family are happy and well in health. Maybe one day we'll see each other.

Sincerely,

Jessica (e)

P.S. This is a picture of me in Mexico, during winter break.
