Dear

Torin Lee

I am glad to receive your letter. My name Karen Oscar. I am 14 years old. I was born in 16th December 1994 in Dar-es-salaam. My family live in Dar-es-salaam but I study in Arusha. I study at St. Theresa secondary school. I am in grade 8. I am the second born in my family. I have a brother and a young sister. My hobbies are drawing, playing video games and sports watching films and chatting with my friends. Mostly I love making friends with people from different places who are kind, honest and faithful. My best animals are Giraffes and Dolphins and I love all the babies of animals and birds. My ambition is to become a doctor. My favourite colours are pink, white, yellow and orange. That is just few things about me.

My life here is simple. The people here are kind, honest and faithful. Here in Tanzania we like helping, respecting and obeying each other. Tanzanians love working, studying hard for their future. The places here are calm, the wind fresh, the buildings, houses, vehicles are good, the water bodies like fountains, rivers, lakes, seas are beautiful and the craters. Ngorongoro crater is the biggest crater in Tanzania and there are some other small craters which are wonderful here. Everything is beautiful, calm and good in Tanzania. It's very peaceful in Tanzania since we got our independence. The culture of Tanzania goes with each

That is enough about me and my country. I would like to know more about you.
