Arusha,
Tanzania.

Dear Karri,

Hello! I hope you are fine. I received your letter and decided to reply. My name is Khadija H. Amein. I attend St. Theresa school here in Tanzania. I was born on December 22nd 1994 at Mount Meru hospital in Arusha.

I live in a nice house with our family in Arusha, but most of the time I'm in a boarding school. I have one dog named "Tom". He is kind to people but sometimes ferocious.

I have also many things I'd like to tell you about. Let's start with me. I have a lot of many hobbies. I love listening to music and spend most of my times studying. My ambition is to become a doctor. What about you? On weekends I do spend most of my time watching movies. My favourite movie is *Jar to Lagos*. It's written by Steven Kancumba. He is so famous in Tanzania. I also like *Homealone*, *Baby's day out* and other funny movies. I like funny movies and enjoy them a lot.

Another hobby of mine is visiting national parks. I like visiting the national parks in Tanzania. There are so many national parks like Ngorongoro, Manyara, Serengeti, Mikumi and others. There one can see different animals like zebras, Giraffe, Impalla, elephant and lions, and birds like ostriches, peacocks and others.

Hiking is my hobby too. I like outdoors more than indoors. Sometimes it is boring when you just stay in. Here in Tanzania few students ^{are} dating and some have boy friends and girl friends. Only A-level students are capable of having boy friends and girl friends. I don't have any boy friend. What about you? Lastly I want to thank you for introducing yourself. I'd like to learn more stuff about your country. If you won't mind, you may give me your phone number or email or address.

I WISH YOU GOOD DAYS.

Please Reply me
back.

Sincerely
Khadija.

msg.

Another day, Another month, another year
and another summer. You will be my friend
4ever. I had a dream of vising carlifornia.
What about you?.

WITH LOT OF LOVE.
